THE ORIGINAL Nardone Chiropractic & Wellness™ Offering FREE Sports Physicals for Ohio Valley Student Athletes

June 28, 2011 (Wheeling, WV) – The ORIGINAL Nardone Chiropractic & Wellness™ (www.NardoneChiropractic.com), the #1 rated wellness and preventative healthcare facility in the tri-state that is nationally recognized, is offering free sports physicals for Ohio Valley student athletes. The sports physicals are scheduled for Friday, July 8th and Friday, July 15th from 12:00 PM (noon) – 3:00 PM EST at Nardone Chiropractic & Wellness (101 Marshall Street, Benwood, WV 26031). No advance appointments are required.

“It’s important for local businesses to be involved and provide their services to the local schools and students. Young student athletes are under so much pressure to perform, and often turn to supplements and products that are bad for their health. We want to prevent that as much as possible and be a resource for them to do it the correct and healthy way enabling them to maximize their performance. We also provide sports athletics and training care to teams on the high school and collegiate level – and we encourage any coaching staff who may be interested in this type of service to attend this event,” said Dr. Emil Nardone, Founder and CEO of NardoneChiropractic & Wellness™ and Wx™ Healthcare.

Specifically, the sports physical evaluations will include a full comprehensive exam and nutritional evaluation. Student athletes attending any school in the Ohio Valley (K-12, plus collegiate athletes) are eligible – a form of student ID/enrollment is required.
